

Cum Laude

Academy of Pharmaceutical Sciences

Converging Skills: From Molecule to Patient Care

31 AUGUST - 2 SEPTEMBER 2025 Cape Town, Lagoon Beach Hotel

Call for Registration and Abstracts for the 2025 conference of the Academy of Pharmaceutical Sciences (APSSA)

It is with great excitement that we announce the call for registration and abstract submissions. You are invited to come and enjoy spring in Cape Town. This year's conference will be a season of new growth and rejuvenation bringing together academic leaders, researchers, pharmacy students, and healthcare professionals to explore ground breaking innovations and research in the pharmaceutical and healthcare industry. The APSSA conference promotes and encourages participation by our younger members through the Young Scientist Competition. We also acknowledge excellence in research, teaching and learning through our Publication Awards and Teacher of the Year Award.

The APSSA is a society with a focus on promoting research in the pharmaceutical sciences. As a sector of PSSA (Pharmaceutical Society of South Africa), the Academy has members from across South Africa and abroad. The 2025 conference is hosted by the School of Pharmacy, University of the Western Cape.
